OBJECTIVE

To secure a position in the field of Data Science as a Data Scientist / Data Analyst / Machine Learning Engineer where I can efficiently contribute my Python, R Programming and Data Science skills to the growth of the organization and build my professional career.

SKILLS

Python

R Programming

SQL

Data Science

Machine Learning

Artificial Intelligence

Deep Learning

Natural Language Processing

Neural Networks

Tableau

HTML

CSS

ASP.NET

C#.NET

Oracle

Microsoft Office

Linux

DBMS

JASVINDER SINGH RAMGARHIA

EXPERIENCE

Innodatatics   **17/08/2021 - 30/09/2021**

Data Science Intern

Successfully Completed Data Science Internship Project for Innodatatics through ExcelR Solutions. The main goal of this Internship Project included Prediction of Shipment of products, to predict if shipment will reach on time or not.

EDUCATION

Vikas College of Arts, Science and Commerce, Vikhroli(E), Mumbai
University :- Tilak Maharashtra Vidyapeeth, Pune   **Passing Year - 2020**

Bachelor of Computer Applications (BCA)

Grades : **74.94%**

PROJECTS

Data Science Project on Prediction of Customer Payment for Premium Policy

Mar 2021 - Apr 2021

https://github.com/JasvinderSingh131198/Prediction-of-Customer-Payment-for-Premium-Policy

Data Science Project on Prediction of Customer Payment for Premium Policy predicts whether the policyholder (customer) will pay the next premium on time or not.
In this project, Data Preprocessing and Data Cleaning were done. Then Exploratory Data Analysis was performed with Univariate and Bivariate Analysis. After all these steps Machine Learning Model, Decision Tree was build to predict whether the customer will pay the next premium on time or not.

ONLINE EXAMINATION SYSTEM

Nov 2019 - Feb 2020

https://github.com/JasvinderSingh131198/Online-Examination-System-Project

Online Examination System named "NET EXAM" is developed for Educational Purpose which will make it easier for admin who wants to conduct online exams and for students who wants to give exams to test their knowledge in a particular field/subject.

 The new system has :-
1. Easy to use GUI.
2. Students can login to give online exam for a particular subject.
3. Results of students can be viewed easily.

TOOLS AND TECHNOLOGIES USED :

TOOLS :- VISUAL STUDIO 2017, SQL SERVER 2014 MANAGEMENT STUDIO

TECHNOLOGIES :-ASP.NET, C#.NET, SQL, HTML, CSS

CERTIFICATIONS

1) Text Analytics 101, Excelr Solutions, Online; Aug 2021 - Sep 2021

2) Internship & Job Preparation, Internshala Trainings, Online; Apr 2021 - May 2021

3) Data Science, Excelr Solutions, Online; Mar 2021 - Jun 2021

4) Data Science, Internshala Trainings, Online; Mar 2021 - Apr 2021

5) Python For Data Science, NPTEL, Online; Jan 2021 - Mar 2021
